FOR IMMEDIATE RELEASE
October 25, 2016

City of Morgantown CDBG Application Workshop for Sub-recipients

Date: November 10, 2016
Time: 10:00 am
Place: Marilla Center

The City of Morgantown Community Development Office will hold a pre-application Workshop for all organizations and agencies interested to be a sub-recipient of the 2017 Community Development Block Grant (CDBG) program. The City is an entitlement community and expects it will receive a Community Development Block Grant for Fiscal Year 2017.

Proposal selection is a careful process that involves a detailed review. All of the submitted proposals must set forth a plan to meet a community need and meet one of the National Objectives set forth by HUD. Discussion of the application and the proposal process, including National Objectives, is planned for the training.

As in the past funding years, the Community Development Office will receive applications requesting more funds than will be available from HUD. Therefore, it is important to make sure all applications are complete, clear, and concise as to the community need that the proposal plans to address.

The workshop will involve CDBG regulations, applications, a submission time line, and the proposal selections process with a question and answer session. The goal of the Community Development Office is to assist with information on the specific allowances and prohibitions to CDBG funding, while helping interested agencies formulate good proposals.

This workshop will take place at the Marilla Center at 10:00 a.m. on Thursday, November 10.
